

CITY OF TOKAMACHI

29th May, 2017

Mr. Silvio Peverelli
Director, Centro di Formazione Professionale
Como, ITALY

Dear Mr. Peverelli

It was a great pleasure to have the opportunity to welcome yourself, and the delegation of chefs, students and staff from CFP to Tokamachi City.

Mr. Alessandro Padovese and Miss. Elisa Pappini have now concluded their internship program. I hear that both of these young students showed tremendous enthusiasm towards their study of Japanese ingredients and culinary techniques. I hope that their experiences here have inspired them to take further interest in Japanese cooking. Allow me to express my thanks and well wishes to them on behalf of all the host organizations and staff who were involved.

Moreover, I would also like to express my deepest gratitude for your cooperation, only with which this exchange program has been made possible. I am convinced that this type of exchange of people in the field of hospitality and catering has great potential to strengthen relations between Tokamachi and Como. I hope we will be able to forge an ongoing relationship with CFP, and welcome many more young students to Tokamachi.

Looking forward, I am happy to announce that representatives from Tokamachi will visit Como at the time of the celebrations for St. Abbondio this August. Thank you very much for your support in advance.

I send my best wishes for the further successes of CFP and the City of Como, and for your health and happiness.

Sincerely yours

Yoshifumi Sekiguchi
Mayor, Tokamachi City
